New

From the *Revolutionary* universe of **Raytech**  
Just the innovation that the electrical market  
has been waiting for!

it has arrived

PATENT PENDING  
**WonderGel**  
Single component insulation gel  
ready to use!

Convenient, Easy, Quick!

You can't  
live without it!

**Raytech**  
Leader in Quality

# Ray Tech WonderGel

Single component insulation gel cartridge to instantly protect new installations and oversee maintenance of all types of electrical connections. **Ready to use!**  
**Already cross-linked! No mixing required!**  
**No need to wait!**

## WonderGel

-  RESOLVES ISSUES CONNECTED TO INCORRECT INSULATION OR SEALING
-  ELIMINATES ANNOYING OUT OF SERVICE INSTANCES CAUSED BY MOISTURE
-  PROTECT YOUR SYSTEMS FROM THE PENETRATION OF INSECTS
-  PROTECT YOUR ELECTRICAL CONNECTIONS FROM OXIDATION AND CORROSION

## WonderGel

### AN INSTALLERS BEST FRIEND

Electrical connections within empty enclosed voids are exposed to the risk of short circuit, oxidation and corrosion, at times, resulting in irreparable damage. Remove stress and no waiting around, **WonderGel** makes your job easier, guaranteeing the protection and safety of systems compliant with professional practice standards to provide the highest quality solution that is quick and perfect to guarantee the satisfaction of both you and your clients.

**Always at your fingertips!**

INSULATION FOR MOTOR ELECTRICAL CONTACTS

IDEAL EVEN WHEN USED IN SMALL QUANTITIES

**Time and space-saver**  
EASY TO APPLY EVEN IN AREAS WHICH ARE DIFFICULT TO ACCESS!

### WHAT IS WonderGel?

- A single component gel
- Extremely sticky
- Stays soft with time
- Never dries
- Non-toxic and safe
- No shelf life

### WHAT DOES WonderGel GUARANTEE?

- Maximum insulation and sealing
- Effective and stable adhesion with the passing of time
- High resistance to water pressure
- Degree of protection IP68 when dispensed in suitable casings

### WHY SELECT WonderGel IN A CARTRIDGE FORMAT?

- Always ready to use and at your fingertips
- Can be used with standard guns
- IT IS measurable
- No waste
- Complete with nozzle
- Extremely rapid to use even in difficult positions
- Compact
