|------------------------|----------------------|
| SKU                    | : 109CB9273000       |
| Housing material       | : Aluminum Die Cast  |
| Luminaire Color        | : Black              |
| Optic                  | : Reflector          |
| Reflector Color        | : Specular Aluminium |
| Power supply           | : Separate Available |
| Luminaire dimension    | : Ø105x83mm          |
| Cut out dimension      | : Ø95mm              |
| Luminous Flux (lm)     | : 705 lm             |
| LED power              | : 9W                 |
| System power           | : 11.5W              |
| System efficiency      | : 61lm/W             |
| Beam angle (°)         | : 30°                |
| CCT (K)                | : 2700K              |
| CRI                    | : 90                 |
| Chromaticity tolerance | : 3 MacAdam          |
| Nominal fA             | : 500mA              |
| Nominal fV             | : 18.4V              |
| Mains Voltage          | : N/A                |
| El. Class              | : Class II           |
| Lifetime               | : 50000h             |
| IP rating              | : IP43/IP20          |

|                                  |                     |
|----------------------------------|---------------------|
| <b>Light source energy class</b> | : F                 |
| <b>Light source identifier</b>   | : BXRE-27G0800-D-73 |
| <b>Net. Weight</b>               | : 0.2Kg             |
| <b>Warranty</b>                  | : 5Y                |

All rated values @ ambient temperature of 25° C. Electric and photometric values are initially subject to a tolerance of +/- 10%. Tolerance of color temperature +/- 150K. Technical data can change without prior notice.
