BTICINO

FC80GT

bticino

Smart DIN gateway for remote control via smartphone with the HOME + CONTROL App and / or by voice (using a voice assistant) of lights, shutters, sockets and loads powered by the electrical panel through all the connected products of the Livinglight with Netatmo, Living Now with Netatmo and DIN devices from the BTDIN with Netatmo range (FC80RC, FC80CC and FC80GCS). Zigbee / IP Wi-Fi communication. It can be used as an alternative to the flush-mounted Gateway L / N / NT4500C of the connected Livinglight series and K4500C of the connected Living Now series. Power supply 100-240 Va.c. - Dimensions 2.5 DIN modules.

Technical features

1 - Brand	BTicino
9 - Series	Btdin
15 - Modules	2.5
18 - Rated voltage	100-240Vac

Commercial data

Minimum quantity	1
Sales unit	1
EAN code	8005543647875
