

**Mains electricity**

230 VAC/50 Hz, max 0.05 A

**Standby power**

0.4 W

**External operating temperature**

-25 to +35 °C

**Dimensions**

46x46x18 mm

**Protection**

Overtemperature software

Short circuit protection

**DALI bus**

Max 64 DALI loads

Guaranteed supply current 128 mA

Maximum supply current 150 mA

Max cable length 300 m (1.5 mm<sup>2</sup>)

Basic insulation

**Radio**

2.4 GHz mesh

Bluetooth®

<10 dBm

**Radio range**

Approx. 10 m indoors

The Plejd mesh technology extends the range by allowing the units to communicate with each other

**RISK OF INJURY TO PERSON OR PROPERTY**

All work on the appliance must be carried out by an authorized electrician. National laws and regulations must be followed.

**Plejd AB**

Krokslätts Fabriker 27A  
431 37 Mölndal, Sweden

**Compliant to standards**

Hereby, Plejd AB declares that the radio equipment type DAL-01 is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: [plejd.com/compliance](https://plejd.com/compliance)

**DAL-01****INSTALLATION MANUAL**

Further information can be found in the **Plejd** app or at **[plejd.com](https://plejd.com)**

## 1 Connect the product

Install the product in the appliance box behind the push button/box lid or secure it with a Mounting clip (MNT-01, not included) on the wall or DIN rail.

Connect the product according to the wiring diagram. DAL-01 comes with a built-in power supply, so there is no need to use a dedicated DALI power supply for the DALI bus.

The short circuit protection activates after 2 seconds, and recovers after 13 seconds.

### Control inputs 1 2

Control inputs 1 and 2 can be used for control with:

- push button (preset)
- light switch
- motion sensor (with neutral conductor).

The inputs can also be used to wirelessly control one or more products from Plejd. Additionally, double click on a push button can be used to activate scenes.

## 2 Follow the instructions in the app

Download the Plejd app on the App Store or Google Play.

After supplying power to the unit by following the wiring diagram, use the app to complete the installation. Setup requires Bluetooth® and an internet connection. You do not need any additional equipment to get started. Use the app to easily configure all settings.

## 3 Hand over the Plejd system

Hand over the Plejd system to your customer by writing the system code on the included sticker . You will find the code in the app once you have completed the installation.

Place the sticker in the distribution box and give the welcome folder to the customer.

### Support
